(Moving to) **Open source development**

Richard Kidd

InChITRUST

Why

Global adoption and use

Increasing engagement with the chemistry community for the benefit of science and business

Maintenance & extension of the InChI and applications

To facilitate rapid and effective research discovery and business innovation

Governance

To provide an organizational framework that ensures the sustainability of the standard

InChITRUST

Aim

Identify how we move to open source development practices while maintaining the standard

Initial meeting @Cambridge Feb 2019

Follow-up call & discussions

Next steps

Set up InChI_standard organisation on github

Initial step: 1.06 bugfix code up for visibility when ready

Build up supporting resources – contributor licenses, documentation, compilation tools

Link in other InChI extensions and test processes for standard with RInChI
